Round Nailhead on 5/8" Leather Border in Antique Copper on Saddle

Elegant, antique burnished finishes, such as copper, gold and silver, paired with contemporary sleek detailing make Lucente a stately addition to traditional, transitional and modern interiors.

INSPIRED BY HISTORICAL IRON CASTING, Lucente is a captivating, exclusive collection of nailhead, grommet and metallic trimmings. It breaks new ground in bringing the craft of hand-forged and hammered nailheads together with fine Italian leather, natural linen, and luxurious woven braids. With antique finishes evocative of this 400 year-old tradition, the collection artfully accentuates the lines of furniture, walls, lamp shades and window treatments and lends a luminous element to plush throws and pillows. These sumptuous trimmings are refined and clean, yet sophisticated in design.

Antique burnished finishes, such as copper, gold and silver, harkening to a gilded age are coupled with designs that are beautiful, bold and timeless. This allusion to a classical technique paired with contemporary sleek detailing make Lucente equally suitable for traditional, transitional and modern interiors.

Round Nailhead on 5/8" Leather Border in Antique Silver on Black

in Antique Silver on Ivory*

SAMUEL & SONS, the premier passementerie tradition in the interior design community, announces the launch of the Lucente collection. Ever at the forefront of innovation, Samuel & Sons drew inspiration from the time-honored tradition of hand-forging, one of the oldest known metalworking techniques. The result is a stunning collection of nailhead, grommet and metallic trimmings that marry a classic design tradition with sophisticated lines and materials for an overall contemporary aesthetic.

Lucente showcases an impressive selection of Italian leather borders, natural linen, and woven braids embellished with an array of nailheads and grommets. Of note, are impressive 2" Linen borders adorned with artisan-crafted hammered round nailheads or distressed pyramid shaped nailheads that are incredibly opulent and dramatic in proportion. Accompanying the tapes are an alluring Beaded Border, a tailored brushed metallic Ball Chain cording and a Brush Fringe woven with luminescent metallic yarns. These intricate components add an element of glamour and style that make for an elegant, cohesive collection.

The Lucente collection is a harmoniously balanced juxtaposition of tradition and innovation brought to fruition. The ground-breaking designs transcend the boundaries of traditional, transitional and modern interiors allowing for a luxurious collection that will complement any setting.

2" Linen in Wrought Iron on Natural*

*"When creating new collections,
we often look at archives
and historic design methods
for inspiration. The Lucente
collection artfully employs antique
finishes and details evocative of
a 400 year-old technique which,
when added to lush fabrics and
furnishings, yields feeling of
timeless elegance."*
